INTRODUCTION

1.1 VISION

A safer community that effectuate a pragmatic and holistic mechanism to prevent, mitigate and respond to any event of disaster and consistently advance in all aspects of disaster risk reduction.

1.2 MISSION

Develop and establish a structurally and functionally competent administrative unit at District and taluk levels, cognizant and adept in disaster management activities, which is prepared to minimize the devastating effects of a disaster, whether natural or human induced, and capable of appropriate timely deliverance of services upon an emergency.

1.3 POLICY

The Kerala State Disaster Management Policy, 2010 vide G.O (MS) No. 240/2010/DMD dated 19-06-2010 has laid down the guiding principles for the District Disaster Management Plan. The policy aims to foster a culture of prevention, mitigation and preparedness from the grass root levels of the District administration.

1.4 OBJECTIVES OF THE PLAN

The primary objective of The District Disaster Management Plan (DDMP) is to be an instrument to implement the responsibilities assigned to DDMA in section 30(1) and (2) of DM act, 2005 and section 14 of KSDMA rules, 2007. In accordance with the guidelines in section 31(3) of DM act, the District Plan aims to include-

- a) *the areas in the district vulnerable to different forms of disasters;*
- b) *the measures to be taken prevention and mitigation of disaster, by the departments of the government at the district level and local authorities in the district;*
- c) *the capacity- building and preparedness measures required to be taken by the departments of the governments at the district level and the local authorities in the district to respond to any threatening disaster situation or disaster;*
- d) *the response plans and procedures, in the event of a disaster, providing for*
 - i. *allocation of responsibilities to the departments of the government at the district level and the local authorities in the district;*
 - ii. *Prompt response to disaster and relief thereof;*
 - iii. *Procurement of essential resources;*
 - iv. *Establishment of communication links; and*
 - v. *The dissemination of information to the public.*

1.5 SCOPE OF THE PLAN

District disaster management plan abides by and integrates the directions of National DM Act 2005, the State DM Act 2007, the State DM Policy 2010, rules, regulations and other significant guidelines.

- The plan provides a necessary framework for the district administration to facilitate, coordinate and monitor disaster management tasks by mobilizing the resources and taking the expertise of relevant Governmental departments at central and state level, local self-governments, private sector, non-governmental organizations and community in every phase of disaster management.
- This plan is consistently operational at all levels of management within the geographical and jurisdictional limits of the district administration.
- This plan is pertinent to the prevention of hazards, mitigation, preparedness, response and recovery from disasters listed in section 7 of State DM Policy 2010 and other events recognized as hazards or disasters by the State Executive Committee or the State Disaster Management Authority from time to time.

1.6 AUTHORITY & REFERENCE

The DDMA has the authority to conceive, test and implement a District Disaster Management Plan in accordance with the section 30 (2) I, ii & iii of the DM act 2005. The acts, rules, policy for disaster risk reduction in the District and regulations relating to the implementation of this plan are as given below:

1.7 PLAN DEVELOPMENT

As per section 30 (2) (i) of the National DM Act and state DM policy, 2010, the District shall prepare a Disaster Management Plan including District Response Plan for the District with respect to the guidelines issued by the National and State Authority respectively. The District administration shall coordinate and monitor the implementation of the National Policy, State Policy, National Plan, State Plan and District Plan.

The State Executive Committee of KSDMA in its meeting held on 14th June 2013 has authorized the State Emergency Operations Centre (SEOC) of SDMA to revise the District Disaster Management Plans and the State Disaster Management Plan within 2 years starting January 2014. Besides SEOC prepared a template and the Principal Secretary, Revenue and Disaster Management has circulated the template to the nodal departments for the formulation of departmental plans.

1.8 PLAN REVIEW & UPDATING:

DDMP consists of two major components, they being:

- dynamic component and
- stable component

The stable component encompasses the guidelines laid down by the national, state acts, rules and shall be revised once in 5 years by SDMA whereas, the dynamic component comprises of elements that are subject to constant change and thus should be revised once in two years or as determined by the DDMA, SEC or SDMA. Although, DDMA has the authority to decide on the regularity of review and revision of DDMP, plan review should mandatorily be conducted in the aftermath of any declared disaster within the District or neighbouring districts and modifications should be made accordingly. The DDMP may be reviewed preferably in February and updated in April; update of the plan should be based on inputs gained through:

- a) Mock drills
- b) Recommendations from all Departments in the DDMA meetings
- c) Past disaster experiences
- d) Directions issued by SEC, SDMA or the Government

2.1 CREATING A DISTRICT PROFILE

Once hazard analysis process is completed, hazard specific information obtained with the profile of the community in the District (Taluk level) is explored to determine community’s vulnerability to the risk. Details of area affected in the villages, socio economic data, and demographic details are used in creating a profile for Palakkad District.

3.2 NODAL DEPARTMENTS FOR VARIOUS HAZARDS

- ✚ Revenue & Disaster Management: Hydro-meteorological & geological disasters
- ✚ Home: Road & rail accidents
- ✚ Health & Family Welfare: Chemical, biological, radiological & nuclear disasters
- ✚ Agriculture: Pest attacks
- ✚ Animal Husbandry: Cattle epidemics
- ✚ Water resources: Dam break
- ✚ Public Works: Building collapse
- ✚ Forests: Forest Fire
- ✚ Airport: Air accidents

(Kerala SDM Policy, 2010)

3.3 POWERS & FUNCTIONS OF DDMA

The DDMA shall establish a proper chain of command system for planning, coordinating and implementing schemes for effective management of disasters and organize the activities of all agencies responsible for disaster management in the District. The ICS will provide information on facilities, equipment, personnel, procedures and communications operating within a common organizational structure, DDMA has the authority to make any necessary institutional arrangements, assign responsibilities and modify any existing administrative mechanism or procedure to effectively accomplish the specified objectives pertinent to an incident.

3.4 CRISIS MANAGEMENT GROUP TO MITIGATE THE DISASTERS IN MINES

As per G.O (Rt) No.542/14/ID dated 26th May 2014, the State Government formed a State/District level crisis management groups in the state with respect to mitigation of disasters in mines for the State of Kerala.

The crisis management groups shall meet at least once in every year or as when required to review the preparedness of various departments for crisis in mines and to conduct surprise visits at various mines and also publish annual report on the preparedness to handle the crisis.

Operations Desk

SEOC – Dedicated & trained staff; DEOC - Police and Fire & Rescue

- Monitoring field level rescue and evacuation operations
- Monitoring salvage operations
- Requisition of accommodation, transport and other necessary equipment for relief groups
- Maintain law and order
- Regular updates to the EOC regarding relief operations

Information Desk

SEOC – Dedicated & trained staff; DEOC – Land Revenue

- Communication of weather reports and warnings and subsequent updates
- Dissemination of information
- Keep contingency plans along with all necessary maps in ready to use condition
- Maintenance of important telephone numbers, database on available resources, list of key persons
- Send and receive messages and maintain records of the messages
- Maintain information of damage, materials sent and ongoing activities for immediate sharing with Emergency Operation Centre

Logistics Desk

SEOC – Dedicated & trained staff; DEOC – Transport Department

- Assess the need in terms of manpower and resources and ensure regular supply
- Ensure proper storage and transport facilities for relief materials
- Maintain adequate supply of necessary transport and equipment
- Coordinate with private transport associations and boat association for emergency requirement
- Organize transportation for rescue party, evacuated people medical terms and injured or sick people

Health Desk

SEOC – Dedicated & trained staff & the State Level Nodal Officer of Health Department; DEOC – Health Department

- Organize treatment of injured and sick, disposal of carcasses
- Preventive Medicine and anti-epidemic measures are taken

- Maintain record of all activities
- Assess and ensure setting up medical relief camps
- Maintain adequate supply of medicines, equipment and personnel
- Monitor maintenance of health measures in all camps and provision of safe drinking water

Service Desk

SEOC – Dedicated & trained staff; DEOC – Land Revenue

- Overall coordination of rescue and relief operations
- Assessing the relief, search and rescue and cash compensation requirements
- Organize and co-ordinate setting up of relief camps
- Ensure adequate supplies to the camps

- Issue of cash vouchers for petrol and diesel

Resource Desk

This desk shall be handled by the respective department as per the ESF Plan **Annexure 32**.

FINANCIAL ASSISTANCE

As per the National Disaster Management Act, 2005, various financial provisions are available at District level for implementation of the plan.

4.1. FUNDS IN 13TH FINANCE COMMISSION

Government have sanctioned Rs.16,00,000 (sixteen lakhs only) for the procurement of essential equipment for strengthening/setting up of the emergency operations centre functioning in the district under the head of account of ‘2245-80-102-97’ capacity building in the administrative machinery for better handling of disaster response.

4.2. STATE DISASTER RESPONSE FUND

The Calamity Relief Funds which was in operation till March 2010 to meet the expenditure for providing immediate relief was merged in to State Disaster Response Fund vide notification G.O (P) No. 498/2010/DMD dated 03-12-2010 on the recommendation of 13th Finance Commission. The fund is maintained in the public account of the state for providing immediate relief. The State Government will also claim on the National Disaster Response Fund (previously NCCF) through memorandums for central assistance for relief and rehabilitation in the event of any calamity of a larger proportion.

PLANNING & RESPONSE STRUCTURE

5.1 CRISIS MANAGEMENT FRAME WORK

An effective response is the result of a comprehensive crisis management program that orchestrates well developed decision-making framework that rightly aligns various incident and site-level response activities. The ability to manage a crisis successfully is the result of understanding the risks and vulnerabilities involved, comprehensive planning, regular exercises, and a strategy for maintaining these capabilities to deal disasters regardless of type, location and intricacy.

5.2 HAZARD SPECIFIC CRISIS MANAGEMENT PLAN

The district is vulnerable to natural calamities like drought, landslide and hence a hazard specific crisis management plan is a pre-requisite. Hazard specific crisis management plan has been depicted in tables below.

5.2.1. Landslide

TABLE 21: LANDSLIDE CRISIS MANAGEMENT PLAN FOR THE DISTRICT

| Source of information – SEOC: www.disasterlesskerala.org | |

5.3 RESPONSE MATRIX

For effective response, multiple needs must be met in a coordinated manner in short time frames. Thus, in an acute response situation, different agencies must coalesce into a matrix of linked actions that function smoothly across horizontal and vertical chains of command system regardless of department specific infrastructure, culture, area of expertise, and responsibilities.

Ultimately, the response matrix and all of its components must work in a coordinated manner toward mitigating the impacts of disasters on the public and on affected elements of the physical infrastructure. **(Hazard specific Response matrix as Annexure 27)**

5.4 ACTIVITY CALENDAR

| | Pre monsoon | During monsoon | Post monsoon |
|-------------------------|---|---|--|
| Health | Bring awareness to people about epidemics and ‘dos and donts’ at the time of outbreak of epidemics. | Instruct all the hospital authorities to open a disaster cell and keep all the required medicines | Aware people about sunburn. |
| | Public Campaigns | Keep a mobile team for medical aid/rescue operations. They should be provided with proper training to deal with similar disasters along with necessary equipments | |
| | | Warning related to outbreaks of epidemics. | |
| | | Ensure the quality of food and water supplied in the relief camps. | |
| | | DMO will submit daily report about relief camps. | |
| KSEB | Touching, clearing of overhead lines. Standardization and fault clearing in the line equipment and machinery. | A “Crisis Management Team” formed already will act at the affected area of KSEB Ltd., or the area where assistance is required of KSEB Ltd. | Same activities adopted during pre-monsoon period wherever work is needed. |
| Animal Husbandry | Awareness given to farmers on proper storage of feed to prevent mould growth, sufficient stocking of concentrate feed, mineral mixture, feed supplements, water treatment with sanitizers Precaution notice & vaccination of animals. Deworming of animals. Awareness programme on boosting of immunity of animals by proper feeding & | Vigilance on outbreak of diseases Awareness given to farmers on spraying of fly repellants in sheds and prevent water logging in the surrounding sheds. | Disinfection of cattle sheds. Bring back the animals to good condition by providing nutritional supplements through conduction of animal health camps in all panchayats. |

| | management Sufficient stock of fluids & medicines Culling of weak birds | | |
| PWD | Renovation works of roads and bridges | Repair of damaged roads | Repair of damaged roads |
| Irrigation Department | Shutters of the regulators and dams are inspected and make sure that it is fully operational. Clearing jungles in the canals and maintenance works of canals are completed for smooth water distribution. | The water levels in the dams and regulators are closely monitored and depending upon the water level nearing full Reservoir level 1 st , 2 nd , 3 rd warnings are issued and the same is informed to the District Collector, Tahsildhar and concerned C.I. of Police so as to alert the people in the low lying places in the river valley for taking necessary precautionary measures for safe guarding life and property. The spillway shutters are opened at the maximum water level. | Any damages caused during monsoon will be rectified so as to start the water distribution in the canal. |
| Agriculture Department | Buffer stock of seeds to re-sowing Removal of silt and cleaning of water bodies, irrigation drainage canals etc. by utilising MNREGS/ LSGD. (Mahatma Gandhi National Rural Employment Gurantee Scheme, Local Self Government Department) Soak pits and water harvesting structures using peoples plan funds. Popularize crop insurance scheme. | Panchayath level Agricultural Officer monitor the flood situation and report crop loss to revenue department through this office. Supplying necessary seeds for re-sowing Provide assistance for reconstructing the flood affected plots | |
| Fire and Rescue | All vehicles in the department will be arranged for handling any emergency situations. Remove the trees which are dangerous to the public. Awareness classes for the staff | Set up Control rooms/watch rooms and toll free number | |
| Water Authority | Superchlorination, scouring of distribution line and storage tank cleaning in WSS maintained by Kerala Water Authority | Periodical scouring, super chlorination in water treatment plants is done to prevent out break of waterborne diseases. | Action to be taken |

5.6 RESPONSIBILITY MATRIX

The peril of hazard has to be negated with appropriate observation and focused activities, which necessitate the need of an ever vigilant forecasting system that will help in managing the disastrous effect of a hazard.

The structural frame work starts with identifying, evaluating and assigning well defined roles and responsibilities of various authorities in managing disasters. Experiences with previous disasters make it clear, that authorities have to be sensitized prior and subsequent to an untuned event. Thus, coordination among stakeholders for effective management of disasters is essential and to ensure this, pre-planning must be done before the onset of a disaster and specific task must be assigned to each department so as to provide training in the specific areas.

| Time | Task | Department/Agency | Activity |
|----------|-------------------|---|---|
| D-72 Hr | Early warning | IMD,SEOC | Give alert to all departments and public about the disaster |
| D-48 Hr | Prevention | SEOC, DEOC, Revenue Department, Fire and Rescue, Police | Take preventive measures for the disaster |
| D-24Hr | Mitigation | SEOC, DEOC, Revenue Department, Fire and Rescue, Police | Take mitigatory measures by each department |
| D0Hr | Rescue Operations | Fire and Rescue, Police Department, Revenue Department | To save lives of people |
| D+15 Min | Rescue | Fire and Rescue, Police Department, Revenue Department | To save and rehabilitate the affected people |

5.7 RECONSTRUCTION, REHABILITATION & RECOVERY MEASURES

DDMP would describe the strategy to restore normalcy to the lives and livelihoods of the affected population. Short-term reconstruction requires return of vital life support systems to minimum operating standards while long term rehabilitation will continue till complete redevelopment of the area takes place.

Standard Operating Procedures of various departments as Annexure 31

Checklists & Performa Annexure 31

5.8 EMERGENCY SUPPORT FUNCTIONS PLAN, 2014

In the aftermath of a major natural disaster wherein State Government's assistance is required for the districts, the command, control and coordination will be carried out under the ESFs Plan.

EOC shall activate the ESFs and the concerned Department/Agency of each ESFs shall identify requirements in consultation with their counterparts in affected districts, mobilize and deploy resources to the affected areas to assist the district (s) in its/their response action. The State EOC shall maintain a close link with the District EOCs and NEOC.

ESFs shall be responsible for the following:

1. They will coordinate directly with their functional counterpart in districts to provide the state government, the assistance required. Request for assistance will be channelled from the district both through the District Incident Commander/DEOC and designated departments/agencies. Based on the identified requirements by the districts, appropriate assistance shall be provided by an ESF Department/Agency to the district or at the District Incident Commander's request, directly to an affected area.
2. The designated authorities for each of ESF shall constitute quick response teams and assign the specific task to each of the member.
3. The designated authorities for each of the ESF shall identify and earmark the resources i.e. Manpower and materials to be mobilized during the crisis.
4. An inventory of all the resources with the details shall be maintained by each of the designated authority for each of the ESF.
5. The designated authority for each of the ESF will also enter into pre-contracts for the supply of resources, both goods and services to meet the emergency requirements
6. The designated authority for each of the ESF will be delegated with adequate administrative, legal and financial powers for undertaking the tasks assigned to them.

Primary and Secondary Agencies: The designated primary agency shall be assisted by one or more support agencies (secondary agencies) and shall be responsible for managing the activities of the ESF and assisting the district in the rescue and relief activities and ensuring that the mission is accomplished. The primary and secondary agencies have the authority to execute response operations to directly support the needs of the affected districts.

Roles and responsibilities of primary and secondary Emergency Support Agencies along with Form/Proforma are attached in Annexure 32.
