Read: Letter No. DM/1/2019/SDMA from member secretary KSDMA dated 26/02/2020.

The Inter Agency Coordination led by Sphere India created a common platform for the Humanitarian Agencies to come together and plan their actions avoiding duplication, overlapping and also to have a better collaboration with the District Administration supplementing the state Government relief effort. IAG coordination was facilitated in 10 most affected districts of Kerala (2018-Flood) to strengthen the coordination mechanism to ensure efficiency in humanitarian response. Later it spread to 14 districts. It was observed that there is a need for sensitising local NGOs and CBOs who took part in the relief efforts on Humanitarian Minimum Standards, CHS, RIC, and GBC and on how to use JRNA tools including digital data collection, for better Coordination to avoid duplication and build common understanding among the agencies.

The Joint Detailed Needs Assessment (JDNA) conducted by Sphere India in the month of September has covered the most important sectors such as Gender, Health, Nutrition, Shelter, WASH, Communications, Education, Heritage, Protection, and Livelihood. With five Inter agency Coordinators deployed in the 10 most affected districts, Sphere has provided a unified platform for the humanitarian agencies for collaboration with the District administration of these districts. Sphere India conducted 31 district and 3 state level IAG meetings within a period of three months (access link: <https://sphereindiablog.wordpress.com/>).
