

Hospital Safety: Orientation –Dist. Hospital, Palakkad

KSDMA & UNDP partnered Hospital Safety Orientation programme held at Palakkad District Hospital on 23rd November 2019 – 02.00 PM. Participants from Medical, Non – Medical & Administrative Departments were attended the orientation. 104 participants actively attended the programme including those nominated for the State Level Hospital Safety & Hospital Disaster Management Plan workshop. The DMO took an initiative to make most of the hospital staff to be present at the orientation. That attempt made the programme successful in terms of participation and their involvement in the orientation.

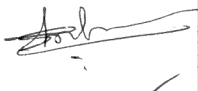

Hazard Analyst Mrs. Asha Kiran welcomed the participants and congratulated the DMO, Assi. DMO to make the programme packed with the participants. The DMO Mrs. Rita inaugurated the orientation programme and Dr. Nasar Assi. DMO & Dr. Remadevi Superintendent felicitated the programme. Mr. Hari Kumar & Dr. Sarun from GeoHazards took the session related to Hospital Safety & Family Preparedness on disaster. The Participants have lot of doubts and they cleared that in asking with those lead the orientation. They also shared their experiences in handling disaster situation in and around the hospital. They mentioned that the problem they faced in entering the fire service vehicle to the campus due to District Panchayat's board just above the gate. They overcome that issue in having a new gate in the backside.

Recent disasters in the state make them to think their ability and inability to handle disasters. Having a detailed hospital management plan will make things in positive and will be able to handle disaster almost in perfect.

Mr. Md. Mujeeb UR Rahman took a session on the need of hospital safety in our state. Mr. Manoj, Staff Nurse concluded the orientation with vote of thanks.
